About Us

Shafia Food Company, started its journey with the aim of delivering its customers a range of quality assured honey. These include items like Multi Flora Honey, Rosewood Honey, Himachal Multiflora Honey, Berry Honey, Litchi Honey, Dry Fruits Honey, and more. We believe in delivering high quality products to our clients that are rich in purity and taste. We understand the requirements of our clients, and, therefore, are able to deliver them quality products. Our honey is prepared in a natural way with no added preservatives or additives. Our honey is available for our clients in various flavors, thus making us accessible to a larger audience. We procure the honey from the agricultural lands of Punjab, Bihar, Haryana, and more. Our expert team of professionals makes sure that the honey is extracted from the beehives carefully while maintaining the highest standards of quality. Our procured honey goes through a series of quality assurance tests and is thoroughly tested by our experts before being packed in its respective containers. Today, we are known in the market as one of the leading manufacturers, exporters, and suppliers of the above mentioned products. Our goal is to provide our clients with the highest level of pleasure possible.

Our experts procure the best-quality honey from various beehives in the most healthy and natural way possible. Their originality ensures that they are great in taste and remain unadulterated. Further, after quality testing, we pack them carefully in sealed jars and packets according to the requirements of our clients.
